

FERRERO

**PALM OIL
SUPPLIERS &
MILL LISTS**

July 2024 - June 2025

FERRERO'S COMMITMENT TO THE RESPONSIBLE SOURCING OF PALM OIL IS AT THE CORE OF OUR STRATEGY

We are aware that the palm oil supply chain faces environmental and social challenges and, through active collaboration with NGOs, key stakeholders, and suppliers, we work to secure a deforestation-free, and exploitation-free palm oil supply chain with actions that go beyond basic requirements and certifications.

Traceability and transparency have always been fundamental elements in Ferrero's approach to sustainable palm oil, by leveraging cutting-edge technologies like Sourcemap and Starling to ensure detailed visibility and monitoring across all our sourcing regions and enabling us to act whenever needed.

As Ferrero has continued to grow, partly thanks to recent acquisitions, we remain committed to ensuring that at least 90% of our palm oil is sourced as RSPO Certified Segregated, diligently tracking progress and transparently reporting updates, regardless of any changes to the baseline.

In line with our commitment, every year we publish the list of mills from which we source our palm oil.¹ For the total volume sourced² between July 2024 and June 2025, 100% volume was RSPO certified, 95% as segregated, and 5% mass balance with 98.6% traceability to plantation.

¹ This report includes the full list of mills supplying our RSPO Segregated certified palm oil, which represents the vast majority of our certified volumes (over 95%). For clarity and ease of navigation, mills associated with the remaining Mass Balance certified volumes are not included in this document. The complete list of Mass Balance mills is available upon request at: palmoilresponsiblesourcing@ferrero.com

² Figures relating to total palm oil volumes refer to all Ferrero Group's Brands, including acquired ones.
