

FERRERO'S NEW PALM OIL CHARTER

Latest targets to generate environmental, economic, and social value across the Ferrero palm oil value chain

THE BASELINE

100% RSPO
Certified Segregated
Sustainable Palm Oil

Palm oil
traceable
back to plantations

GOING BEYOND

Transparency in
commitments and reporting
across the value chain

Membership in
HCSA (High Carbon
Stock Approach)

Membership
in **POIG** (Palm
Oil Innovation
Group)

Detecting potential
deforestation through
satellite monitoring

Commitments tackling three critical areas

Human Rights & Social Practices

Building an equitable and inclusive
palm oil value chain

Preventing exploitation,
indecent living or working conditions

Environmental Protection & Sustainability

Respecting the environment
and becoming a **positive driver**
to regenerate biodiversity, soils,
and water systems

Supplier transparency

Driving a **fully transparent** approach,
publicly sharing where our palm oil
comes from

Fostering **essential rights**:
supporting smallholder
inclusion and resilience

Creating **positive carbon
and biodiversity impacts**: satellite
monitoring and conservation
projects in key landscapes

Publishing **reports, updates and progress**
and offering an "Integrity Helpline"
to signal any potential non-compliance

Bringing newly acquired brands
up to Ferrero's responsible palm oil
sourcing **standards**
